Dear Madam,

Sub: Transport arrangements with regards to my ward Master / Ms. \_\_\_\_\_  
who has been granted admission to Class \_\_\_\_\_ for academic year \_\_\_\_\_.

I am aware that as per school rules, it is mandatory for all students, other than walking students, to make use of the school bus facility for commuting to school.

I am also aware that at present the school does not provide bus service to my location and the school may not be in a position to extend this service in the future. This fact has been informed to me before the confirmation of the admission.

I hereby undertake that I will personally drop and pick my child to & from school till such time that the school is not in a position to provide transport facility to my place of residence.

I also undertake that if at any point of time the school does start transport service to my place of residence, I will opt for the School Bus and refrain from use of any private mode of transport with immediate effect.
